RANDALL MCCOY DIED AT 89.

Uncle Randall McCoy, one of the oldest citizens of Pike county, and a participant and leader in the Hatfield-McCoy feud which brought a reign of terror to Eastern Kentucky thirty years ago, died at the home of his grandson, Melvin McCoy, on Herald's branch, last Saturday morning from the effects of injuries he received by falling backward into an open fire place last autumn. Funeral and interment were held Sunday afternoon at the Dills cemetery across the river.

At his death Mr. McCoy was 89, and he was a conspicuous figure in the most noted feud in the history of Kentucky. On New Year's night, twenty-seven years ago the Hatfields made an attack on his home, and in a bloody battle one of his daughters and two sons were killed. His home was also burned to the ground. But he pursued his enemies with relentless courage, and after depleting their rank he drove the remainder of them either from the state or into hiding. At the close of the bloody war he removed with his family to Pikeville, and lived here until the time of his death.

TWO DIE IN DUEL.

Lee Jones and deputy sheriff Beverly McCown, of Floyd county, were both killed in a pistol duel at Wayland, Ky., an isolated mining town on Beaver creek, Sunday evening at 7 o'clock.

According to the story, Jones and his brother, who lived in Knott county, were engaged in peddling a wagon load of liquor at Wayland when McCown undertook to place both of them under arrest. Lee Jones fired several shots at the officer, most of which took effect in his body. The prostrate officer fired once at his retreating prisoner which struck him and killed him instantly. The officer died a few moments later.

John Clark, a special deputy for the coal company, was also shot and badly wounded in the fray. For several years Clark has acted in the capacity of special police for different companies, and for a long while was marshal of the city of Prestonsburg. He went to aid McCown in the arrest.

SCHOOL BONDS ELECTED.

An election was held in the office of the County Superintendent of Schools last Saturday as a preliminary step to bonding Pike county for \$50,000 as a fund for the building of a new public school house in Pikeville. The resulting vote stood 269 to 7 in favor of the bonds.

A committee was appointed several days ago to select a site and make other necessary preparations for the building which is to be erected this summer.

FLOYD COUNTY.

Prestonsburg, Ky., April 1.—On last Sunday, at Wayland, 35 miles from Prestonsburg, Lee Jones shot and killed deputy sheriff B. G. McCown and was immediately shot to death by deputy sheriff J. B. Clark.

It is reported that Jones and his brother, John Jones, were bootlegging whiskey in Wayland and that the officers were looking for them and they had taken refuge between two houses, and when approached by McCown and told that he had a warrant for Lee Jones, with an oath Lee Jones drew his pistol and fired, striking McCown in the breast. McCown fell to the ground and as he rose, Jones again shot him in the mouth, killing him instantly. In the meantime Deputy J. B. Clark had reached for his pistol and as he did so, John Jones shot him in the wrist, the bullet going through his arm and elbow; and as he reached for his pistol with his left hand, John Jones shot him through the left hand and one finger off, but Clark succeeded in firing four shots into the body of Lee Jones, from which he died about eleven o'clock Sunday night.

It is reported that Clark also wounded John Jones, but it is not known, as he fled when his brother fell, and escaped to the mountains and has not yet been caught. J. B. Clark, it is thought, will soon recover from his wounds, as he was able to sit up today. Excitement is high and several men are on the hunt for Jones. FOR THE GRIP

Peruna Is Sometimes Used With Good Results

A great many people use Peruna for the grip. Some use it as soon as the grip begins, taking it during the acute stage of the disease, claiming for it great efficacy in shortening the disease, and especially in shortening the after stages.

Many people take it after they have had the grip. Their convalescence is slow. They have suffered along for a month or two, without any signs of complete recovery. Then they resort to Peruna as a tonic, with splendid results.

Mrs. Jane Gift, R. F. D. 1, Athens, Ohio, whose portrait appears above, writes: "I think I would have been dead long ago if it had not been for Peruna. Six years ago I had a grippe. The doctor came to see me every day, but I gradually grew worse. I told my husband I thought I would surely die if I did not get relief soon."

"One day I picked up the newspaper and accidentally found a testimonial of a woman who had been cured of grip by Peruna. I told my husband I wanted to try it. He went directly to the drug store and got a bottle of Peruna. I could see the improvement in a very short time and was soon able to do my work. I continued using it until I was entirely cured."

Mr. Victor Patneaud, 215 Madison St., Toledo, Kas., writes: "Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength, but grew weaker every year, until I was unable to work."

"Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again. This winter I had another attack of la grippe, but Peruna soon drove it out of my system. My wife and I consider it a household remedy."

Those who object to liquid medicines can now obtain Peruna Tablets.

Jasper Wheeler, of this place, has sold his farm and will leave for Montana the first of June.
